

## What Our Customers Say

"Just a short note to say how delighted we are with the pew cushions you supplied. All comments are favourable, indeed someone suggested that they were so comfortable, and the sermons could be longer. (I think that was a joke). The delivery was spot on time, in what was a very busy period [Christmas] and I compliment your company."

*St John's (Broughton)*

"I wanted to thank you so much for the pew cushions, they have made such a difference and at the Crib service this evening there was a real buzz...I, and others, have been most impressed with the service that you came and measured each pew and they all fit perfectly. When you said you would get them to us by Christmas, I was surprised, but you were good to your word. It has been a pleasure to do business with you and I would not hesitate to recommend you to anyone who is looking at pew cushions or indeed any other upholstery."

*St Batholomew (Coventry)*

"Alpha give excellent after sales service. The pew cushions are brilliant!"

*Jordans Friends Meeting House*

"Alpha Furniture has been very helpful, friendly, and had an eye for detail when they visited the church to give us their advice, even suggesting curved edges and how we should measure each pew. The pew runners are very well made, fit accurately and are well padded. We would recommend the company to other churches and organisations."

*St Mary's, Cheadle (Grade I Listed)*
